Peske-Tuk

Turners Falls

High School

Once upon a time...
through a land unkown to the white man, there flowed a river. The early Indians of the land knew the river as PESKE-TUK. It contributed greatly to their livelihood, supplying them with food and a means of transportaion.

This river, now known as the Connecticut, is the foundation of our community. We appreciate our history and the part it will play in our future. To honor the origin of our area, we are proud to call our yearbook...

Editor's Note

This yearbook is different from the past few. Unlike the past, when yearbook was a class that met every day, this yearbook was put together by a small group of dedicated individuals who met once a week, sometimes more, after school. Though our numbers were scarce, we have worked to the best of our abilities to make the best yearbook...EVER!

In this yearbook, we show construction of our building from old to new. Unlike the past senior classes, we can say that we got to experience both parts of the old and new building, creating memories from the new building as well as keeping ones from the old.

We did our best to capture the memories of 2003-2004 school year in this yearbook, and we hope that you cherish it forever.

Thanks to advisors, Mrs. Cousland and Mr.Dzuira; Co-editors Alicia Newton and Katy Morrissey; and the rest of the yearbook staff for your time.

Good luck in the future!

Senior Editor,

Megan Murphy

Dedication

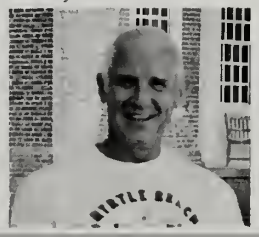
Mr. O'Riley and Mr. Slattery

Leaving alongside the class of 2004 are two teachers who have certainly left their marks on Turners Falls High School. We would like to dedicate this year's yearbook to Mr. O'Riley and Mr. Slattery, who are retiring at the end of this year.

Mr. Slattery has been teaching here for 34 years and has taught Honors Integrated Science, Chemistry, and Physics. These are some of the toughest classes, but favorites at the same time.

Mr. O'Riley not only taught English for 35 years but is also a graduate of T.F.H.S., and he participated in after school activities such as coaching. On any given day, Mr. O'Riley's cheerful whistling can be heard as he walks around the hallways, brightening everyone's day. He is also a great teacher who can make anything fun.

It's teachers like these who make this school what it is, and we would be lost without them. So from everyone at Turners Falls High School, we would like to thank Mr. Slattery and Mr. O'Riley for their years of teaching here and all their support. You'll truly be missed.



Appreciation

Mr. Ciechomski and Mr. Mullins

We would like to give special mention to two very important people here at TFHS: Mr. Ciechomski and Mr. Mullins. These two special faculty members have been absolutely invaluable to our school in so many ways throughout the years.

Steve "C" Ciechomski has directed music here since 1973, and in doing so he has provided both the high school and the middle school with one of the most valuable and influential programs we have to offer. Moreover, Mr.C has been teaching music at the elementary schools for the past few years. Without a doubt, there would be no music program this year if it weren't for this special man.

And of course, we all owe thanks to Gary Mullins as well. Since 1979, he has taught gym and coached soccer, basketball, and softball. He has also been a stellar athletic director, and in 1995, he was inducted into the Softball Hall of Fame. Because of him, we still have a thriving sports program here at Turners. This is certainly a contribution to be appreciated for years to come.

Both of these phenomenal people have contributed to TFHS in countless ways, and so we wish to extend our greatest thanks to them in return for their duties. So thank you, andwe love you both!

Senior Memories

Senior year…2004! While some of us are eager for graduation – the beginning of our lives as adults – we all know deep down that part of us wishes high school would never end. While things have been changing rapidly for the past few years (construction, lanyards, new administration – you name it), it still feels like only yesterday we were just entering high school.

In those days, we could often be heard chanting "Yo man, it's Peter Pan!" At our first Booster Day competition, we started out as inexperienced freshmen, and our first float sure was a learning experience. For example, we learned that you can't put a float on a car trailer. Also, our hatred for chicken wire slowly started to develop. But even though we were freshmen and our float was tiny, we still managed to place third, putting the seniors to shame. Our Knight was Jeff Seymour, and our Lady in Waiting was Brittany St. Peter. This was also our first chance to show our awesome fundraising abilities. We had a spaghetti supper at the Elks Club, a car wash, and a coin drive. We quickly learned that raising money for the class is far easier said than done.

As sophomores, we continued to learn as a class; our eyes were opened as we watched America change after September 11th. We, as individuals and as a class, changed in many ways as well. That year, we experienced what we would later call "the curse of the Yankowski's." We built an awesome Candy Land float, but for some reason (we'll blame it on the curse), the judges liked the other floats better. We got 3rd runner-up, and our Duke and Duchess were Andy Sena and Kelly Yankowski. This was also the year of the ever-popular mugs, from which we learned that some fundraisers are just better off not done. But we made a little money, so it was better than nothing.

The following year would begin the change from adolescence to adulthood. For the first time, we had to try to stop being kids for a while and start deciding what we wanted to do with ourselves after high school. We kept these things in mind as we prepared for Booster Day. With the curse still in effect, our hopes of winning were running short. We managed to make a decent Subway float, and we had another stellar 3rd runner-up finish. Our Prince and Princess were Kevin Wasielewski and Megan Murphy. In May, most of us experienced our first prom at the Sheraton Hotel in Springfield. "A Moment Like This" was a night full of memories that we'll all treasure.

And then suddenly, the day came when we had to decide what life after high school was going entail. As seniors, we began planning our futures, but that didn't keep us from enjoying the present. With the Booster Day theme of "decades," we came closer to winning than we ever had before. Our 60's float was spectacular, and we placed second. Our King and Queen were Mark Wasielewski and Alicia Newton. Soon after, we began planning our class trip. We plan to go to Disneyworld in May, and it's sure to be a time to remember.

In 2000, our class began the journey; we began to experience the sorrows, the happiness, the frustration, and the rewards of achievement that high school has to offer. Four years later, we are finally at the place that seemed so far away: at the end of the road. Now it's time, as seniors, to come together and make this year unforgettable!

With highest hopes for the future, The Class Officers of **2004**

The Class of 2005 has had a great year. We have bonded together well this year through float making and other class get-togethers. We have done a few fundraisers this year, including a dance at the beginning of the year and a holiday catalog fundraiser. We have also been working very hard on making the prom awesome this year. So between making money and forming more untiy amongst our class it has been a great year.

As Sophomores, the Class of 2006 has begun to get more serious about our high school career. We're starting to think more about our future, such as prom. Our class is beginning to come together a little more and we've done even more fundraisers, including another catalog fundraiser and hosting the Valentines Day dance again.

For Booster day, the theme was "Decades". Our class's decade was the 1970s. We worked hard on our float but we did not win. However we still have two years left. Our Dutchess was Kara Mulligun and her Duke was Jeff Rose. We're excited that half of high school is over for us and we look forward to returning as Juniors in the fall!

CLASS OF 2007

What a wonderful beginning for our high school experience! Despite the movement of classes and the constant sound of pounding and drilling due to the construction and renovation at our school, the class of '07 has been able to make the best of it. We have not only adjusted to the new changes at TFHS, but have surprised ourselves and everyone around us with our teamwork. The freshmen class's hard work, dedication, and determination really paid off when we won Booster Day float making. The theme this year was decades. We chose the 1910's, building a Titanic that would not sink from the competition of the upper classmen, but stay afloat through the whole parade, taking first place. Our chosen Lady-in-Waitng was Michelle Dame, accompanied by our Knight, Chris Seymour.

So far we have followed through with several successful fundraisers, a silent auction during football season and a "Breakfast with Santa" during the Holiday season. This spring we plan to hold a car wash and sell pizzas to assure that we will have money in our class account for the future.

Overall, the year has had its ups and downs, though I am proud to report that there were more ups. Under the supervision of two wonderful advisors, Mrs. Cloutier and Mrs. Partridge and most of all the contributions of much appreciated time and effort the class of '07 has made itself, our future looks to be a promising one. So, let us cross our fingers, knock on wood, and hope that the years ahead come together as well as this one has!

s splits at Easthampton

Easthampton High School's swimming pool proved to be inhospitable to the Turners Falls High School boys' team Monday. The Indians girls, however, were not so welcome.

For the first time this season, the Turners girls came up on the wrong end, dropping a 98-78 B Division meet to Easthampton.

Senior Kaitlyn Koceleh was one of only three Indians girls to win an event, taking the 500 freestyle. Sarah Smith (100 breaststroke) and Colby Toggert (diving) added wins of their own.

Kelly Yankowski (200 individual medley, 100 backstroke) and Jenna Lapachinski (50 freestyle, 100 free) tacked on second-place finishes, but Easthampton was simply too strong.

• In the boys' competition, meanwhile, Chris Krzykowski was one of three Turners athletes to garner two victories in a 90-?? meet win. Krzykowski, a freshman, kicked ... triumphs in the 200 free and 500 ... while senior John Roth was victorious in the 100 free and 100 breast. Jacob Billings rounded out Turners' multiple winners, taking wins in the 150 IM and 100 back.

Sunny Lucas (50 free) and Ben Garber (100 butterfly) contributed wins of their own in the Indians' effort.

"They ran us hard," said Turners head coach Gary Mullins, whose squad was missing two starters and a key reserve to injuries. "We made a nice run, but we made too many mistakes and missed too many layups."

Kelly Augustine

Dear Kelly,

Its so hard for us to believe that our "Muffin" is graduating. You have been such a joy, never giving us a moment of trouble. We never even got to say "you're grounded"!

We are so very proud of you in every way. You're a kind and loving daughter, a great sister to Greg and a beautiful young woman who has always chosen the right path.

It's amazing to watch you work with T.J. and Reba. You are so in tuned to what they are thinking, and your genuine caring and love for them shows in the devotion they have for you. We can see why horses will always be in your life.

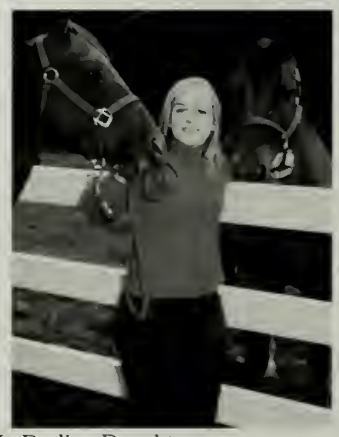
Thank you for being the person that you are, you will surely have a happy life because of it. We will always be there for you in anything you want to do, you know that you can count on that.

We love you with all of our hearts and souls,
Mom and Dad (Papa)

Kel,

Its been great having you as a sister cuz we always seem to get along. I've had so much fun coming back from school and hanging out with you which I never thought would happen! I know that if you stay safe on your horses and keep going to the PBR you'll be happy all your life. And you better tell me when your first barrell racing tournament is, cuz I want to be there to cheer you on! Take care sis.

Love, Greg



My Darling Daughter,

There probably aren't a lot of mothers who can say that their daughter is their best friend. I am lucky enough to say that you truly are. We have had, and will continue to have, so much fun together! So many neat memories, shopping, talking, taking trips and of course our favorite- going to the PBR- those cowboys!! It was so much fun having "girl's night out" with "Tiara" and Kimmie. We had some laughs, didn't we! You've made the parenting job so easy and I appreciate that and the trust you've given me to be your friend, too. So many wonderful times ahead of us; I look forward to the journey.

"Love is in the air"
Mom

Jeffrey C. Seymour

We are so proud of you! You are a wonderful, kind person and these qualities will take you wherever you want to go. Whatever you choose, we will always be there for you. May all your dreams come true! We love you so much.
- Mom & Dad

I'm so lucky to be your G-Ma
-Love You, Gram

Jeff, I'm real proud of you. Go get 'em!
-Love Dood

Megan Elizabeth Murphy

Megs, you already know how proud we are of you and all of your many accomplisments. What you might not know is that you have grown into a beautiful young woman who is confident, intelligent, conscientious and caring. Your future is up to you. Dare to imagine what you can achieve, follow your dreams with confidence and live the life you have imagined.

All our love,
Mom and Dad

Megan,
I couldn't have asked for a better sister and best friend. Your intelligence, thoughtfulness and sense of humor make you the person you are today. Set your goals high because I know you can accomplish anything you set your mind to. If you ever need me, no matter where I am, I'll be there for you.

Love,
Allison (AKA your little sister)

Congratulations!

Alicia Rae Newton

Where has the time gone? Only yesterday you were our shy, quiet little girl! Now you are a beautiful young woman, talented and gifted in so many ways and so full of energy! And always smiling! You have shared your talents with your school, given your time to the community and enjoyed many years with the band and a wonderful group of friends. Life holds endless possibilities for you now. We are very proud of you and know that you will succeed in whatever you choose. You have been a true blessing to us, know that we will always be here for you and wish you a lifetime of happiness. Stay close and keep smiling! We love you!

Your proud family,
Mom, Bill, Cassie and Heather

Tara Bartak

As you graduate and start your life as an adult, we want you to know how proud of you we are. We know you will continue to be a success in whatever you decide to do in life. We Love you very much Mom, Troy, Tanyah, Joshua, Gerald, and the rest of your family and friends.

Now if you could only learn to feed yourself !!!

Kaitlyn Kociela

Every time we turned around
You were in a different gown,
Dress-up clothes and beads and bows,
A shining star from head to toe

Every time we turned around
You grew more inches off the ground,
A contagious laugh and creativity galore
You made your own Barbie clothes at 4

Every time we turned around
You were driving on the town,
A beautiful young woman now 18
You're life ahead, so full of dreams

We wish you joy
And the moon above
We couldn't be prouder
Or more in love
Love, Mom and Dad

"You're very beautiful, you're very intelligent, you're assertive and strong and I love you very, very, very much." Love, Dad

Kaitlyn,
I am so glad you are my sister. You are the best sister anybody could ask for. We get a long so well and I will miss you so much when you're in college. You have to come visit as much as you can so I can see you and I will do the same.
Good luck in college!
Love, Ethan

Kelly Yankowski

Kelly, The years have passed so fast. You are everything a parent could ask for and so much more. We are so proud of all your accomplishments as an athlete, student and wonderful, caring person. As you take your next step, be the best you can be and remember we love you to the sky.
Love, Mom and Dad

Kelly,
It's hard to believe that your graduation time has come and your high school days are nearly over. I feel so fortunate to have been so close to you, to have seen you so often and to have been able to watch you play volleyball, softball, and swim during your school years. I have watched you grow and mature into a lovely young lady and I am very proud of you. I am sure you will enjoy the days ahead and I send you my wishes for a very bright and happy future.

Love to the sky,
Pop

Kelly,
Wow, my little sis is graduating from high school. I am so proud of you; you have grown so much as a person and accomplished so much in your high school years, through school and sports. Our friendship has grown, too; we seem to be closer every day that passes and I'm sure that will continue. I wish you the best of luck as you move on to bigger and better things. You know I am here for you no matter what!
Love you to the sky! (ISDP)
Big sissy, Jay

Kelly,
Thank you for the wonderful memories through your school years. I have always been proud of all your accomplishments. Continue with success in your life, and always reach for the stars.
Love you,

Dan Shea

Dan,

It seems like just yesterday that you were born. Where has all the time gone? It's been so much fun watching you grow through the years. Going fishing with Papa, to playing Little League, to playing Varsity Baseball. You have a knack for building things. You have the ability to conquer whatever you set out to do. That, along with your great smile and personality, will get you a long way in life. Don't lose that.

We have watched you mature over the past 18 years, and now it's time for you to graduate. We'll be behind you 100% in whatever you decide to do in the next step of your life, even if it is Law Enforcement!! We'll always be there for you.

Congratulations, Dan.
We love you.
Mom and Dad

Dan,
Congratulations and best wishes.
Good luck in everything you do.
Love, Grandma and Grandpa

Mark & Kevin Wasielewski

Kevin and Mark,

From tiny premature infants to young men with a promising future, you have always amazed us.

The drive that kept you alive those first few weeks has taken you through a multitude of medical issues and ups and downs with sports, as well as continued success with music and academics. Your love of school, community, family and friends is as contagious as those wonderful smiles you always have.

Don't ever stop believing in yourselves because we believe in you. Never stop dreaming for your future because we dream with you. Attain your goals, they are within your reach.

You make us so very proud to be your parents.
Love, Mom & Dad

In the past 18 years I've loved you, been annoyed by you, laughed with you, laughed at you, stuck up for you and blamed you. Now I admire you both for all that you've accomplished. Lee and I are very proud of you and wish you the best of luck in college.
Love you Guys!
Sarah

Kevin and Mark,

I cannot express in words how much joy and happiness you have given to me in the last eighteen years.

From little league to varsity sports, from beginning band to high school band. Where did the time go?

Your smile, your laughter and the good times we had together. How can I ever forget?

Good luck to both of you and remember "When all else fails, ask Grampa"
With all my love, Grampi

Mark & Kevin
Gram loves you both and I am proud of you. Continue to work hard, follow your dreams and be happy.
Love,
Gram

Mark & Kevin,
I could truly write a book about how much you mean to me. I cherish the memories of your beautiful smiles as little boys who always loved me unconditionally and celebrate the wonderful young men that you have become.
Love from "Nana"

CONGRATULATIONS ALLEN!

Allen Holmes

We were all there to welcome you into the world. "It's a boy!" they shouted, and we all hugged each other and cried tears of joy. You have always been the baby. As we played with you and looked into those big blue eyes we would comment on how we could never imagine what it would be like when you got older and became your own person. Where did the time go? All of a sudden, here we are. You are that grown person and much, much more than we ever dreamed. So as you graduate, go on and be your own person and know that no matter where you go or what you do, that we love you and are proud of you, our son, our brother.

Love always, your family,

Mom, Dad, Alana & Kathy

With ALL our Love...Mom, Dad and Jacob

Brenda...Congratulations! You made it and we're so very proud of you! We've watched you grow and mature as we've shared in your many successes and challanges that helped you develop into the awesome person you are now. To us it seems like yesterday when you were learning to swim, and now you're a competetive swimmer...when you were our dancing & drawing little "Punkin Head", and now you're our clever and creative, pretty and practical young adult daughter...and we couldn't be prouder on your High School Graduation Day! Welcome to the first day of the rest of your life Brenda Lynn Shelby Minner!!

Mom, Dad, Jacob, all your loving family and friends will continue to always be behind you to support, love, help and encourage you to reach goals, and experience new possibilities and opportunities as you continue your journey into becoming an independent adult. With so many choices this can seem an overwhelming and scary time, but you will begin to learn what life, and the world in general, has to offer you and in time what you can give back and h ow to make the most of your life.

C o n g r a t u l a t i o n s !

To the one person who I've looked up to since I could see, who's been more of a sister to me than a cousin: YOU MADE IT! I'm so proud of you, so are Russ and Kitten.
I LOVE YOU, JENNY!
Always, Emmy

Jen,
Congratulations! I knew you would make it. What school do you plan on going to-maybe I'll stop by and see you once I start traveling. (It's a joke). So have fun and good luck.
Love, Zack

Jenny,
Seems not long ago you were running through the fields at the cabin, eating Indian berries, looking for snakes under rocks and doing gymnastics. Now you are graduating and heading off to college. We are **so proud** of you and your academic achievements. We love you and will always be there for you. May all your dreams come true.
Love, Mom and Dad

Katy Morrissey

Katy,

Thanks for letting me share some sincere thought for your yearbook. I wanted you to know that I am very proud of what you have accomplished, and who you are as a person. Nearly 18 years have gone by to shape the beautiful daughter you've become. Not one day has gone by during that time that I didn't think of you, and your sister Erin.

Soon you graduate from High School, then off the College to further enrich yourself with life's experiences. This part of your journey through life will surely be the most fulfilling, thus far.

I wish you the best of luck, and remember I will always be here for you for conversation, support, and love from the bottom of my heart.

Love Always, Daddy

Katy,

How proud we all are, that you've grown up to be such a lovely, intelligent, caring young woman. It seams like only a short time ago that you were telling us a tale of your lobster friend, making us all laugh...but you didn't think it was funny at all! I'm glad we have it on tape so that we can show <u>your</u> children! And I shall always have in my memory the day that you discovered you could stand on the bottom of my pool and the water wasn't over your head. What a look of delight on your face! Swinging on the swing set, or climbing the tree in my yard with your counsins, eating at the "Blue Pineapple Restaurant," picnicking on Mount Sugarloaf, telling "Why did the chicken cross the raod " jokes, playing in the marching band, perfroming in the plays, singing in the chorus, playing the flute at one of my church services (an especially proud moment for me), and yes, even getting on a plane by yourself and traveling all the way to London...all moments in your life that I am happy to have shared with you. Whatever the future brings, you will always have a special place in my heart.

Love from Gram (aka H.O.G.)

Keetcher,

I can't believe I'm writing your yearbook letter...it seems like just yesterday you were writing mine! Okay, what sisterly advise do I have for you? Just to not be too sad that high school is over because college...is awesome, and you are going to have the best time there, I know it. I am so proud of you and your accomplishments. You are the best sister anyone could ever ask for and I am lucky to have you as my best friend. I will leave you with some of our memories over the years: my-name-is-David Lenderman...haha; climbing unfinished log cabins with Cid and Louie; Fun at the Zoo!; watchin' the Christmas tape every year; is it dennis?; have you had your tightrope walk today?...and some more recent memories: hangin' out with Kylito, Stack, and Boo; hockey games! (know what I'm gonna do when I get home? ::shrugsniff::); and P&H parties. Enjoy the next couple of years-be yourself, don't take any crap from anyone, and you will be so successful. I love you!

Lynn,
You're my favorite person in the whole world, I look up to you in so many ways. Thank you for all the fun times we've had together, and for being everything I've ever needed in a sister, and in a best friend. I know I can always go to you to talk about something serious or just to get a hug and that means the world to me! I will be here for you if you ever need me for anything at all. Good luck in the future and I hope you live your life to the fullest! I love you so much!
Love, Julie

Lynn,
Congratulations, I am so extremly proud of you. I feel so close to you, it's like we've known each other forever. I know you will succeed in everything you do and I will always be there for you.

Tararaboomdeay-
Congratualtions! I can't believe you're graduating. It seems like just yesterday we were in our little blue sailor suits! I hope I've made as much of an impact on you as you have me these past 16 years. We've had so much fun growing up together and you'll always be my other sister. I love you!

Shoot for the stars!
Your proud Grammie and Grampa

Your senior year.....an end, and a beginning for a pride and joy of our lives.....

We have tried to give you room to grow, to be independent, and to be yourself. We exposed you to our beliefs and hope and trust that you have learned from some, and have incorporated them into your own belief system.

You've traveled part of the road, but there is an exciting journey ahead. Travel it thoughtfully, learning from the bumpy parts as well from the smooth. Experience and feel this journey; it's those two pieces—experience and emotions—that will make your life full and meaningful. We love you dearly, and wish you success and happiness. Your very proud and grateful mom and dad.

Jonathan-

You've come such a long way, and you've made me proud to say that you're my big brother. I hope you will treasure the memories you have made in the past 18 years, and the ones you'll make in the future. Remember, the road may get rough, but you've got to keep your head up. Know that I'm here for you. I'll always be on your side. Good luck in all that you do. Love you!

Always,
Abby

Corey Pearson

Corey,
What can I say? Eighteen years have flown by, and I can hardly believe that you are going to graduate. I am going to miss watching you play sports. I enjoyed that so much. You have grown into such a wonderful young man. I am so proud of you, and whatever you choose to do in the future, be happy.
I love you so much,
Mom

My Little Sampson,
Eighteen years have passed since I first met you, and in those eighteen years you have changed so much. Being my best friend is how it all started. I thought you were born for me. Over the years I couldn't wait to get rid of you. I was so sick of listening to you play the "drums" on Mom's pots and pans and watching you run around in your Ninja Turtle underwear dragging Gibby behind you wherever you went.

But looking back on it all now, I realize I am luckiest girl in the world to have a brother like you. You've been there for me always, no matter what the situation was. We've had a lot of fun together throughout the years, and our fair share of fights. We've also had our moments where we've laughed and we've cried together. You've grown into a young man. You are a great person, so don't ever change. I'm proud of you.
Love you Cor,
Ryan

Corey,
Remember the golf car ride in PA? May life always give you the same rush.
Love always,
Mere

Corey Pearson,
Congratulations on completing 12 years of school. You have grown up to be the finest young man there ever was.

I will always remember the special times we have spent together. There is a different part of life ahead of you now.

I know whatever you do, you will be the best there is. Nobody is more proud of you than me. Good luck in the rest of your life.
Love,
Jonathon Bevins
